

Where does your food come from?

British farmers grow the perfect ingredients for our favourite food. Can you match the food item with where it comes from?

Cut out and make your own set of cards to play pairs with, or draw a line from each card to the correct answer.

Did you know?

The Red Tractor logo with the Union flag guarantees that food is British and farmed with care. You can find it on a range of food and drink including meat, fruit, vegetables, milk, cheese, flour and sugar.

How many food items can you spot the Red Tractor logo on in your fridge and kitchen cupboards?
