

Countryside Safari

LET'S TALK FARMING

The great outdoors is a giant adventure playground waiting to be explored. So what are you waiting for? Get outside and get exploring your local area. Don't forget to stay safe though, and follow the countryside code.

Questions:

Farmers carry out lots of jobs on their farms to enhance the countryside, care for their animals and to help their crops grow. Can you smell any of these?

Hay Bales

Spreading Manure

Cut Grass

Wild Flowers

Lady Bird

Bee

Butterfly

Woodlouse

British farmers leave the edges of their fields uncultivated, to encourage wild flowers to grow and insects to thrive. Can you find any of these?

The British countryside is a haven for farmland birds. Farmers manage more than 30,000km of hedgerows, providing food and a home for birds. Can you see any of these birds?

Wood Pigeon

Chaffinch

Kestrel

Goldfinch

Farmers plant 8,000 hectares of wild flowers to allow insects to thrive – that’s almost equivalent to 15,000 football pitches! What wild flowers can you find?

All while managing and enhancing our iconic countryside, providing a habitat for wildlife, British farmers work hard on the farm to ensure we all have food on our plates. What farm action can you see?

This is just a snippet of what you can find out in your local area. Use this box to write down or draw anything else that you found on your adventure.

WIN £100 WORTH OF VOUCHERS FROM JOULES

For your chance to win £100 of vouchers from Joules, all you need to do is let us know the best thing that you saw whilst out exploring your local area. Simply visit: www.backbritishfarming.co.uk/countryside-safari to complete the online entry form. A winner will be chosen at random. Entries close at midnight on 16 September 2018.
