

NFU Great British LARDER

A-Z of British produce available in shops during the year.

Many fruits and vegetables* are harvested throughout the year using different technologies. Because of longer growing seasons and good storage conditions, some British crops - like carrots, cauliflowers, potatoes and frozen British peas - are available to eat all year round, while others are more seasonal. Check out when your favourite seasonal British fruit and vegetables will be ready to buy in shops and markets.

* British lamb has also been included as that is seasonal.

APPLES		CUCUMBERS		PLUMS	
APRICOTS		DWARF BEANS		PUMPKINS
